26 July 11

Dear Ian,

I hold the very great privilege of being the President of Hotels Albion's Golf Society and therefore wish to thank you for such an enjoyable day out. You and the membership had clearly gone to a lot of trouble to make our day so special. The course was excellent and the company wonderful. The drinks and the food at the end of the match were very well received and whilst it may have seemed as a little gesture to you; it meant a lot to us - so thank you.

As we sail from Malta's shores there will be many stories amongst our golf society about the match such was our enjoyment. You made our brief stay in Malta very special indeed. May I also add a personal thank you to David for being such a convivial host during the day - it was brilliant!

Good luck with your 2013 celebrations, it will be very special in sure.

Yours aye Michael Rose
